“ George

You were my brother and my friend. I don't know how I'm going to say good bye to you. Maybe I'll just say see you later and I love you like you always said to my when you left and I never knew if you were coming back. You told me something one time when you were staying here..I hope you join them..the welcome mat is always out..only you know what I'm talking about because if you do I'll know you are safe and will never leave me for to long again.

I love you always and will never forget you.

This picture is from one of the many times we took the kids fishing down at Armstrong park. We would pack a lunch and the kids would fish...for hours!! Lol see it wasn't always bad times. We had a rough patch there for awhile but we learned to be friends for our kids sake. I got your message you too were my first love and my best friend from the day we met at the age of 17!! I never hated you I hated your choices. You will always have a special place in my heart and I thank you for giving me My Magoo and Babygirl. They are going to miss you so much please watch over them and keep them strong. Visit Amber you know she has that gift. Ricky I'm not to sure about you'll probably freak him out . Just send him a sign. Your free now Rick no more hurt no more pain no more regrets.... Love Cathy

“ You were more than my uncle you were my best friend. You taught me so many things that I will never forget. My best memories of the times we had together were the hunting trips and working on things together. There was nothing that we couldn't make work or figure out. I still laugh over some of the crazy adventures we had together. They were some of the best times of my life. I just hope you're always with me cause I'm going to miss you so much.
Love always,
Your nephew David

“ Rick, As we gather this evening to celebrate your life, please look upon us with that smile you were blessed with. The people who were not there for you when you "needed them the most" will undoubtedly be the ones to blame others for your passing. I'm sorry if in any way I let you down, but in our short friendship you never showed the pain in your heart. You were a "Good Man" and I am proud to call you my friend. Rest in Peace, Steve D
