“ Shelly was a kind soul and so much fun to be around. She always treated me like "family", kind of like a younger brother or cousin even though we weren't related. I will always appreciate her for that. Whether at GBH or out and about, I always enjoyed running into Shelly. I will certainly miss her smile and her fun demeanor. Prayers of peace, comfort and understanding to Darryl and the entire family. RIP Shelly!

“ We were friends in elementary school. You were one of the most mature 6th graders ever! I am so glad we got to reconnect as adults. I will miss you and I think about you

“ I will forever remember your bright smile as you and I talked in my kitchen or the times I would see you at the Salon. I will also cherish how I would look forward to spending an entire day at GBH International just having a Glamorous good time!! RIP

“ Shelly, the things we used to do. You would call and say, lets go to DC, and I would be ready to go when you got here. When we took our yellow and black Datsun, and I was just learning how to drive a stick shift. We got to a light and it was on a slight Hill and I got nervous and I said Shelly I'm rolling back a little bit and all you can do is laugh and we laughed and we laughed and we laughed until I got it right. Cars behind us was blowing their horns it was so so funny. But it was times like that that I always remember and you will forever live in my heart I love you so much.RIP
